Executive Footwear, Tailored at Your Doorstep

"The modern gentleman's attire is incomplete without an elite, custom-fit shoe."

— **Chukwuemeka Solagbade, Founder & Master Cordwainer**

True luxury isn't just about what you wear; it is about how it is made. At **KIDD BURNA Mobile Footwear**, we eliminate sizing risks, retail markups, and mass-produced compromises. We bring elite, artisan craftsmanship directly to your home or office in Lagos.

The Custom Curation: Featured Signature Footwear

Our mobile fitting unit showcases exclusive, high-finish silhouettes patterned after international style standards but engineered to withstand local urban terrain.

1. The Double-Strap Slide (Signature "Pam Slippers")

Universally recognized as a premium twin-strap slide, this style is known locally across Nigeria and West Africa as **"Pam Slippers"** or **"Pams"**. Widely referred to as sliders in Western markets, our bespoke interpretation elevates casual attire.

- **Design Metrics:** Built with thick, wide adjustable top-grain leather straps across the upper bridge.

- **Accents:** Finished with metallic side buckles, heavy-duty perimeter contrast stitching, and a molded, chunky ergonomic comfort sole.

2. The Horsebit Luxury Slide (Gancini Buckle "Pams")

A flat slip-on variant heavily inspired by heritage European designs like [Ferragamo](#). It masterfully bridges cultural African sophistication with classic luxury hardware.

- **Design Metrics:** Features an ultra-premium brown suede or nubuck upper band paired with a striking, contrasting bright orange footbed.
- **Accents:** Decorated with an interlocking double-ring metal **horsebit buckle (Gancini-style bit)** that commands attention.

The Trunk Show Experience: How It Works
